

PB708-PRO

Smart Sticker V2

The PB708-PRO is a sticker-style tag that enables precise global positioning based on a Bluetooth crowdsourcing network, without the need for an additional SIM card. The device is only 1.7 mm thick and weighs just 10 grams. It uses a flexible manufacturing process allowing it to be easily attached to flat surfaces. The device is powered by a high-capacity, disposable lithium battery offering up to 12 months of uninterrupted. This makes it ideal for various applications, including logistics, transportation and asset management.

Logistics Management

Luggage Tracking

Supply-Chain Transparency

Flexible Ultra

Thin Design easily attaches to packages or other flat surfaces.

Global Connectivity

Bluetooth connectivity allows global usage without additional costs, ensuring seamless tracking regardless of location.

Long Service Life

The internal battery can power the PB708-PROBLE tag for up to 12 months ensuring extended usage without the need for frequent replacements.

Audible Finding

With just one tap, you can locate the tracked object with an audible sound guide, simplifying the retrieval process.

Movement History

Access the movement history of the tracked object on a designated app or URL, providing insights into past locations and routes.

Security Fence

Receive immediate notifications if the tracked object crosses your preset virtual boundary, enhancing security and enabling prompt action.

Easy Installaion

Tear the easy-peel tab to quickly power on and start working.

Standard Configuration

Connectivity	BLE (80+m)
Battery	540mAh Li-MnO2 battery
Service life	Up to 12 months
Button	1 * Power button
Buzzer	80dB
IP rating	IP65
Scenarios	Audible alarm, Geofence entry & exit alert, Movement history
Certification	CE, FCC, RoHS
Operating temperature	-20 C to +50 C
Device dimensions	95x 65 x 1.7mm
Device weight	10g

Standard Packing

PB708-PRO Unit	1
